Paintings by Paul Gould in City Hall through September

Art in City Hall proudly presents paintings by Paul Gould through the month of September. The son of noted artist and illustrator John Gould, Paul began his painting career at the age of 11.

Visitors to City Hall will find familiar Hudson Valley scenes by the Cornwall, NY resident, but will have the unexpected

pleasure of seeing his landscapes from other parts of New York State and the U.S. with a common theme of rocky shores and rushing water. Other works detail verdant fields against mountain backdrops.

In 1957 Paul's parents founded Bethlehem Art Gallery, where he taught classes for more than 30 years. In addition to instructing at Mount Saint Mary College, Newburgh, Paul has conducted painting workshops in Ireland, France, Italy and Portugal, many locations throughout the U.S. and on board a Princess Cruise Lines ship.

Mr. Gould's paintings and limited edition prints are included in numerous public and private collections around the world as well as juried exhibitions. They include the Oil Painters of America National Show, Hudson Valley Art Association, and the Arts for the Parks competition, Jackson Hole, where he earned a Judges Award. He served as President of the Kent Art Association, Kent, CT, where he earned an award for excellence in pastels.

Paul is currently working on several paintings for national and international competitions. One of his long-term goals is the creation of a series of paintings and drawings covering the entire length of the Hudson River from its beginning in the Adirondack Mountains to its end in New York City.

Can't wait? Stop by City Hall, 83 Broadway and enjoy Paul Gould's unique and beautiful works today. City Hall is open Monday-Friday, 8:30 a.m.- 4 p.m.
